Dr. Roger C. Moore, Secretary
Planetary and Interplanetary Sciences Committee
National Aeronautics and Space Administration
1520 "H" Street, Northwest
Washington 25, D. C.

Dear Dr. Moore:

This is in reference to your request of Dr. Joshua Lederberg to furnish the National Aeronautics and Space Administration with verification of facilities clearance at Stanford University.

Please be advised that STANFORD UNIVERSITY (LELAND STANFORD JUNIOR UNIVERSITY), Stanford, California, was granted a security clearance authorizing the receipt and use of classified security information required in connection with pre-contract negotiations and contract performance to the level of SECRET. In this regard, we refer to letter of notification from the Office of Naval Research dated 18 December 1953, Serial CA-2948.

In addition, we wish to advise that our facility located at the STANFORD ELECTRONICS LABORATORIES, Stanford, California, was granted a security clearance authorizing the receipt and use of classified information to the level of TOP SECRET (reference: Office of Naval Research' letter dated 19 February 1958, Serial SY 2125).

I would request that classified documents intended for the use of Dr. Joshua Lederberg, Professor of Genetics and Biology, Stanford University, be direct to the following address:

STANFORD ELECTRONICS LABORATORIES
STANFORD UNIVERSITY
STANFORD, CALIFORNIA

Attention: Opal Cook

Your acceptance of this letter as official notification of our facilities' security clearance is appreciated.

Sincerely yours,

Richard G. Axt
Research Administrator
and Security Officer
